¹ Small and medium enterprise as defined by Commission Recommendation 2003/361/EC:

The category of small and medium-sized enterprises (SMEs) is made up of enterprises which employ fewer than 250 persons and which have an annual turnover not exceeding EUR 50 million, and/or an annual balance sheet total not exceeding EUR 43 million.

²[Developing countries](#) defined as least developed countries, low income countries which are not LDCs and lower middle income countries & territories which are not LDCs.

³Micro-enterprises as defined by Commission Recommendation 2003/361/EC:

Within the SME category, a microenterprise is defined as an enterprise which employs fewer than 10 persons and whose annual turnover and/or annual balance sheet total does not exceed EUR 2 million.

⁴ If the company is either EMAS- or ISO 14001-certified, a reduced application fee is granted, provided that the requirements for the ecolabel are explicitly incorporated into the certification as part of the environmental policy and specific environmental objectives. To obtain the reduction, documentation of the certification must be submitted at the time of application, along with a copy of and reference to the parts of the management system where the ecolabel requirements are explicitly integrated. Reductions are not cumulative.
